HIGHLIGHTS

- SATs and breakfast
- Learning around the school

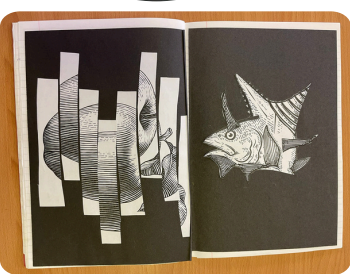

Year 6 – SATs, Breakfast and Art

Year 6 have enjoyed socialising with their peers before their assessments at our SATs breakfast this week. Well done to all the children for their perseverance and dedication over the exam period.

Aside from SATs, they have been working on an Art project focusing on distortion and abstraction. The children have looked at ways to distort artwork and create abstract art through line colour and shape.

Our Year 2's have also been putting in their best efforts during their non-statutory assessments this week. We are extremely proud of them all!

Year 2 – Maths

Year 2 have been learning about measures in Maths. They have been using language such as volume, capacity, litres and millilitres. The children made estimations about how many millilitres of water would fit into a container. They then used the measuring jugs to check the accuracy of their prediction.

Nursery - Sports Day prep!

The nursery children have been to the field to practice some of their sports day events. They have had their first experience of running races and by the end, were able to wait for the 'GO!', run straight down our track and stop at the finish line.

They were excited to join in and enjoyed cheering their friends on. They will be challenged further over the next couple of weeks as we introduce them to some of the other events that they will be taking part in during the Early Years Sports Day.

Thank you for your support!

A big thank you from the Garden House Hospice to all those who purchased a 'Charlie Chick' over the Easter period. Your generosity has contributed to raising a total of just over £20,000.

Considerate Parking

Can we please remind all those parents that drive to school, to be respectful of our neighbours and not block driveways or other parked cars. Thank you

Diary Dates

May

In school Swimming - continues

Bikeability (Y6) **Mon 20th - Fri 24th**

Half term - **27th - 31st**
