YEAR 6

To finish our topic of 'Light' in Year 6, the children were challenged to choose their own investigation about shadows. They were asked to come up with an enquiry question, outline how they would answer it and conduct the investigation in groups. The children thoroughly enjoyed finding out the results for themselves and were able to produce their own conclusions.

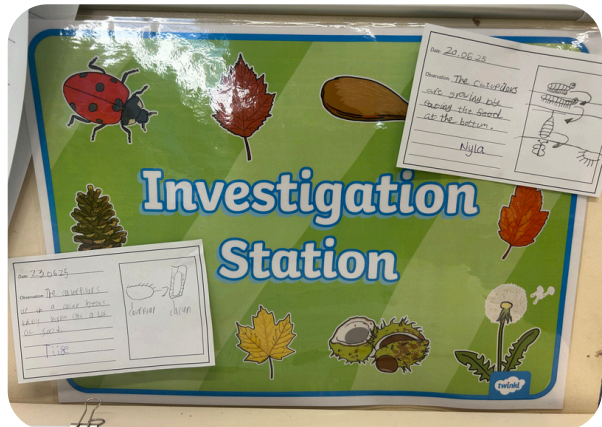

NURSERY

In maths nursery have been exploring number order. We have explored number puzzles, played the game 'Race to 10' and fixed our number line when someone cheeky put the numbers in the wrong order!

YEAR 2

In Year 2 Science we have been learning about animal life cycles and observing changes over time. As a year group we have been following the life cycle of a caterpillar and their transition into a butterfly in real life! We are currently at the 'pupa' stage in the cycle and patiently look forward to releasing the butterflies when they have completed their metamorphosis.

Martins Wood Colour Run 2025

We had an incredible time at our Colour Fun Run fundraiser, a huge thank you to all the children, families, and staff who took part or supported the event. The energy, enthusiasm, and vibrant colours made it a day to remember! Thanks to your generosity, we are thrilled to share that we raised £2331.81. Well done everyone!

SUMMER READING CHALLENGE

On Wednesday we had a librarian from Stevenage Library come into school to talk to the children about the 'Summer Reading Challenge' that takes place over the Summer Holidays.

The challenge is free to join, all you need to do is take your child to the library and sign up. If your child manages to read six books over the six weeks holidays they will receive a certificate and medal. In September we would love to see and celebrate these certificates and medals in school, so please send them in for our celebration assembly on a Thursday.

DATES FOR THE DIARY

27th June - Y5/Y6 Sports Day PM

1st July - Current Saplings Stay & Play
