NURSERY

The Nursery children have made a good start to school life at Martins Wood. They are working with their friends and learning how to take turns and share. This week we have been talking about our families and we discovered that all families are different and that all families are special.

YEAR 1

In our geography topic we have explored a range of skills and concepts. We have learnt about human and physical geography, maps, continents, oceans, directional language and woodlands. Here are some pictures of our recent learning where we visited a local woodland.

HEALTHY LUNCHES

A reminder that food provided in lunchboxes should reflect a balanced diet. The following link has some great ideas for preparing healthy lunches.

Also we ask that no nuts or nut-based products are brought into school in packed lunches or snacks as we aim to be a nut free school.
