YEAR 2

The Year 2 Children have had a fantastic start to the academic year by putting their creative and explorative brains into action.

The children have created their own artwork in the styles of famous artists Piet Mondrian and Wassily Kandinsky by mixing primary colours to create secondary colours. They have also explored the world one continent at a time by using atlases to identify hot, cold and temperate climates and giving reasons for why different countries experience weather in particular ways.

RECEPTION

In Reception, we have been learning all about people who help us in our community. The children enjoyed finding out about the important roles of paramedics, firefighters, and police officers. We talked about how each job helps to keep us safe and how these everyday heroes support us in different ways.

Reception were very excited to welcome a visitor from the police force this week. The children learned about the important role the police play in keeping us safe and had the chance to explore some of the equipment officers use. They particularly enjoyed discovering that different hats were worn for different jobs within the force, helping them to understand how each role is special and important. The visit sparked lots of curiosity and the children came away with a greater appreciation of how the police help our community.
