

FRIDAY  
10/10/2025

## YEAR 1

In Year 1 we have been having a great time during our PE lessons exploring movement in different ways and using different equipment. Some highlights have been curling, climbing and throwing and catching in teams.

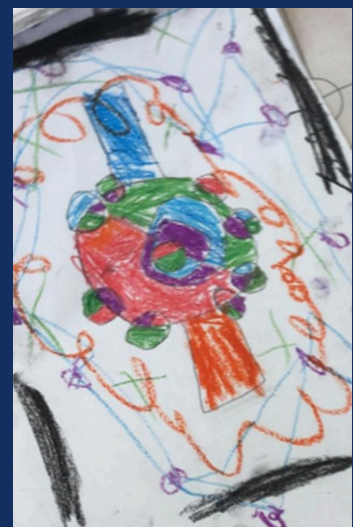

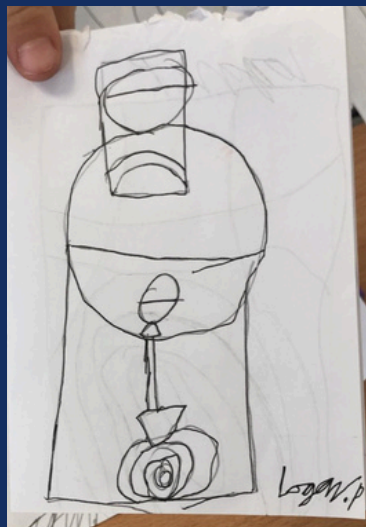

## NURSERY

This week the Nursery children have been learning about our local environments. We talked about our classrooms having different areas for different activities. We discussed how our new garden has different areas too. The children were shown a map of the garden areas and they followed the picture clues to find the missing stickers!!

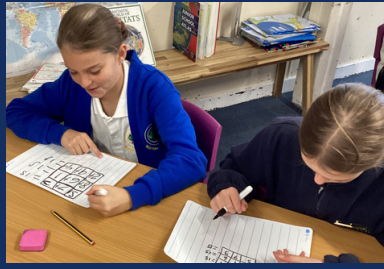

## ART

In Art this term, the children have been exploring the fascinating work of Spanish artist César Manrique. They have been learning how Manrique was inspired by the natural world and how he used geometric shapes to represent plants, animals and landscapes in creative and imaginative ways.

# YEAR 6

In our 'Friday fun fluency' session in Maths, we have been learning together to solve some maths challenges. These challenges require us to apply the skills that we have learned. Can you work them out?

A, B, C and D are all different integers.

$$\begin{aligned} A+B &= 6 \\ A+C &= 5 \\ B-D &= 3 \\ C \times D &= 15 \end{aligned}$$

Find all 4 letters

A=  
B=  
C=  
D=

Arrange the numbers 1 to 9 inside the square below.

The sum of each row and column must be equal to 15.

My age is a 2 digit squared number and so is my nans. Both of our ages are also divisible by 9.

How old are we?

My age =  
My nan's age=

Match the years below to the historical event. One is missing; can you work out what happened that year?

MCMXIV  
MLXVI  
MMXX  
MCMXLV  
MCMLXIX

(Battle of Hastings, Start of WW1, Landing on the moon, End of WW2)
