YEAR 3

World Cup mania has hit Y3! Our sweepstakes have begun and these are promoting sportsmanship and positive competition. Each child has been randomly allocated a country that is competing. Every morning the children and teachers are enjoying gathering around the chart and discussing the results and scores from the previous night. We celebrate the efforts of both teams, congratulating those who have advanced. We are excitedly anticipating who will win the trophy at the end of the tournament. Who do you think it will be?

YEAR 5

Year 5 got creative in computing this week by exploring "if... then... else..." structures in Scratch! The children learned how to use questions (ones with a simple "yes" or "no" answer) to control their code. They identified that the answer to the question is the "condition" and used these algorithms to make their Scratch sprites choose between two different actions.

RECEPTION

Reception have started their new theme learning 'On the Beach.' We agreed the best foods to eat on the beach were ice cream and fish & chips. This week we have built an ice cream shop and a fish and chip shop to role play being customers and shop workers.
